Lung Health and Outdoor Air Quality

Release Date: September 1, 2024 Expiration Date: August 31, 2027

Estimated Time to Complete: 30 minutes.

Faculty

Kindra Weid, RN, BSN, MPH

Disclosure of Relevant Financial Relationships

All individuals involved with this accredited CE activity have no relevant financial relationships with ineligible companies to disclose.

Mitigation of Conflicts of Interest: In accordance with the ACCME Standards for Integrity and Independence in Accredited Continuing Education, Beaumont Health implemented mechanisms to identify and mitigate relevant financial relationships with ineligible companies for all individuals in a position to control content of this activity.

Overview/Statement of Need

Outdoor air quality greatly impacts people with lung diseases and providers are not always aware that they should be discussing that impact with their patients and how to mitigate it. This module will discuss the resources available to assist them with these discussions with their patients.

Target Audience

Nurse/APRN's, Pharmacists, Pharmacy Technicians, Physicians and Physician Assistants. Specialties include Allergists, Family Medicine and Community Health, Pediatrics and Pulmonologists.

Learning Objectives

- Recognize the impact of the environment on the lung health of patients.
- Integrate knowledge learned from this presentation into conversations with their patients.
- Share the information learned from this presentation with their staff so that they are all well informed.

CE Credit Information

In support of improving patient care, this activity has been planned and implemented by Beaumont Health and INHALE Collaborative Quality Initiative. Beaumont Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses

Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Medicine CME: Beaumont Health designates this enduring material for a maximum of $0.50 \, AMA \, PRA \, Category \, 1 \, Credit^{TM}$. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing CE: Beaumont Health designates this activity for a maximum of 0.50 ANCC contact hour. Nurses should claim only the credit commensurate with the extent of their participation in the activity.

Pharmacy CE: Beaumont Health designates this activity for 0.50 ACPE contact hour. ACPE Universal Activity Number (UAN): JA4008259-9999-24-144-H01-P; JA4008259-9999-24-144-H01-T. Learners should claim only the credit commensurate with the extent of their participation in the activity. Credit will be uploaded to the NABP CPE Monitor within 30 days after activity completion. Per ACPE rules, Beaumont Health does not have access nor the ability to upload credits requested after 60 days. It is the individual learner's responsibility to provide the correct NABP ID and DOB (MMDD) to receive credit.

Attention PHYSICIAN participants: The CME credits that physicians earn from this activity will be submitted to ACCME's CME Passport, a free, centralized web application where you can create a personalized account to view, track, and generate transcripts of your reported CME credit. Visit http://cmepassport.org for more information and to create your account.

<u>CLICK HERE</u> to complete a brief form that will collect the data required to successfully transmit your credit (name, NPI, state license, ABMS diplomat ID).

If you do not wish to have your credit transmitted, no action is required.

Unapproved Use: It is the policy of Beaumont Health to require the disclosure of all references to off-label or unapproved uses of drugs or devices prior to the presentation of educational content. The audience is advised that this accredited CE activity may reference off-label or unapproved uses of drugs or devices. Please consult the prescribing information for full disclosure of approved uses.

Disclaimer: The information provided at this activity is for continuing education purposes only and is not meant to substitute for the independent medical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient's medical condition.

How to Receive CE Credit

Participants should review the accreditation information and view the module in its entirety. At the conclusion of the module, click on the link to the online evaluation form. The evaluation must be completed before being transferred to the Beaumont CME portal (CloudCME) to complete a brief attestation form in order to claim CE credit. Users who don't already have an account in the CE portal will need to create one to complete the CE process. After submitting the online evaluation, learners will also receive an email regarding the module (sent to the email address entered in the evaluation). It contains a direct link back to the attestation associated with the module just completed, in the event that they weren't able to complete the credit process for any reason. Once the attestation is completed, credits will be immediately added to the Beaumont transcript. Transcripts can be printed, downloaded or emailed.
