## Lung Learning Labs Series 2

**Lung Learning Lab Series 2 registration is now open in the admin portal.**

***All INHALE participating providers must attend 1 of 6 live events or watch any available L3's on-demand in the INHALEarning Platform for 2026 Participation VBR.*** Recordings of each series 2 event will be added to the INHALEarning Platform for on-demand viewing, but CME will not be offered for these recorded L3s.

Presenter	Date	Topic
Dr. Wassim Labaki	1/16/2025	Personalizing COPD care: The role of phenotypes to guide advanced therapy selection
Wendy Wright, DNP	2/13/2025	Asthma management: Innovating to improve care
Dr. Wanda Phipatanakul	4/1/2025	Role of Biologics in Pediatric Asthma: Where are we now and into the future?
Dr. Meilan Han	5/13/2025	Early diagnosis of COPD
Dr. Paul O'Byrne	6/5/2025	Asthma exacerbations and their prevention
Dr. Toby Lewis	7/8/2025	Pediatric topic TBD

**All events are scheduled for 12:00 pm to 1:00 pm.  
Registering will gain you access to the Zoom link for the event.**

# INHALE Pediatric Subcommittee

## CALL FOR MEMBERS

INHALE is planning to launch a Pediatric Subcommittee in early 2025. Potential items to be covered include:

- Consensus around treatments/diagnosis/biologics
- Social drivers of health
- Decision/Escalation algorithm
- Escalate concerns to the larger collaborative and where we can make an impact
- Diagnosing under 5

### **Additional Information:**

- Expect to meet 1 hr/quarter with work in between meetings (2-3 max hours/quarter)
- Looking for providers who care for children
- Committee size: 12-15 providers

*Nominate  
yourself or a  
provider here!*

## INHALE CQI Introduction & Guidebook

### **New Resource Available**

INHALE has worked hard to develop an in-depth CQI introduction and guidebook. Topics include:

- Program Overview
- Meet the Team
- General Timeline
- Participation Benefits
- Data Dashboard
- Admin Portal
- Roles and Responsibilities
- Tools and Resources
- Committees and Partnerships

**View here**

# Patient Advisor Highlight

## Advocating for increased understanding and support for lung health

A life-long resident of Michigan, Gina joined INHALE's Patient Advisory Board to bring awareness and support to patients living with breathing issues. Gina also serves on the Perinatal Loss (Stillbirth and Infant Death) Committee at Michigan Medicine and volunteers at a peer grief counseling non-profit in Ann Arbor called GrieveWell.

### More About Gina

#### How did you learn about INHALE?

"I learned about INHALE through the Office of Patient Experience at Michigan Medicine."

#### Gina's Background

"I'm married with a son and dog. I work full time running a program that gives certification to Chinese and Spanish language teachers."

#### Fun Fact:

Gina speaks Chinese

#### How did your patient experience impact your decision to serve on INHALE's PAB?

"I remember all that I experienced as a child and how scary and difficult having asthma was. I also feel like there is a lack of support and understanding in the workplace and other places that impact people daily due to having breathing issues."

#### Was there something special about INHALE that motivated you to join the Patient Advisory Board?

"I joined INHALE PAB because I've had asthma almost my entire life and it has had a major impact on my life. I feel like there is so much people don't understand about asthma, and I know there is more for me to learn."

#### What inspires you about lung health?

"So much has changed and progressed from when I was younger. It gives me hope and encouragement for children and people who are impacted by asthma and COPD."

## New Admin Portal Feature: Engagement Activities

You can now view all incomplete/complete engagement activities that practices must complete in the Admin Portal. These can be viewed by going to "Engagement Activities" under the Practice Scorecard tab on the sidebar or from the dashboard under the Practice Tasks.

### Features include:

- Hyperlinks to forms or submission links
- Engagement Activity Bar
- Practices will be listed in alphabetical order
- Task Completion Status

### INHALE Practice Engagement Activities - 2026 VBR

Complete 2 Inhale Engagement Activities.

- Participate in a Site Visit.\*\*
- Provide Resource Library Feedback.\*
- Complete a Best Practice Form.\*
- Provide a Patient Experience Feedback Form.\*
- Present at a Regional or Collaborative Wide meeting/participate as a panel member.\*\*
- Provide feedback on the User Experience of the INHALE Data Dashboard.\*

\* Each completion counts as 1 activity

\*\* Each completion counts as 2 activities
