

# KNOCKOUT RSV

## What is RSV?

- RSV stands for Respiratory Syncytial Virus
- It is a virus that spreads easily
- It can make some people very sick, while others only feel a little sick, so it's important to stay safe and get the vaccine
- This virus impacts older adults and babies the hardest

## WHO CAN GET THE VACCINE?

**Pregnant  
moms**

**Some babies  
(ask your doctor for  
more information)**

**Adults 50  
and over**

**Some  
children**

**SCAN TO SCHEDULE YOUR  
APPOINTMENT TODAY**
