## Approaching the Finish Line: 2025 Scorecard Deadline

As we approach the final stretch of our 2025 goals, it's important to keep our timelines and objectives top of mind. With only a little of a month remaining until the scorecards' end date of August 31, 2025, now is a critical time to ensure we're on track to achieve our targets.

For those of you with continuing POs (Answer, CIPA, GLPO, Holland, HVPA, IHP, McLaren, OPNS, UP, and UMMG), remember that your scorecards are **color-coded in blue**. Monitoring your progress is essential, and you can easily review your scorecard by **checking it here**.

For new POs (Genesys, JHN, and PCP), your scorecards are **color-coded in green**. This color-coding streamlines evaluation and keeps responsibilities clear. Review your scorecard by **checking it here**.

Measure ID	Measure Name	Target	Current Value	Score
1	Respiratory services: 100% of patients with a respiratory condition (COPD, asthma, etc.) receive a care plan within 72 hours of diagnosis.	100%	100%	100%
2	Respiratory services: 100% of patients with a respiratory condition (COPD, asthma, etc.) receive a care plan within 72 hours of diagnosis.	100%	100%	100%
3	Respiratory services: 100% of patients with a respiratory condition (COPD, asthma, etc.) receive a care plan within 72 hours of diagnosis.	100%	100%	100%
4	Respiratory services: 100% of patients with a respiratory condition (COPD, asthma, etc.) receive a care plan within 72 hours of diagnosis.	100%	100%	100%
5	Respiratory services: 100% of patients with a respiratory condition (COPD, asthma, etc.) receive a care plan within 72 hours of diagnosis.	100%	100%	100%

# FINISH STRONG TOGETHER

# Fall Regionals

We wanted to make accessing information about the upcoming Fall Regional meetings easier, so you don't have to search for a specific email. Reminders will continue to arrive in your inbox as usual. These sessions are important for your VBR/Scorecards, offer professional development opportunities (CME), and provide a venue for sharing updates critical to our program.

## **Attendance is mandatory for all Practice Clinical Champions.**

If you are unable to attend, you must arrange for a proxy to represent your practice.

**Please note:** *If you have previously sent a proxy to a past Regional, you are required to attend in person this time and are not eligible to send a proxy again.*

## **Regional Dates and Locations:**

- **Monday, September 8:** Schoolcraft/VistaTech - Livonia
  - *Registration closes Friday, August 22, 2025*
- **Thursday, September 18:** LCC/downtown campus - Lansing (**Pediatric Focused**)
  - *Registration closes Monday, August 18, 2025*
- **Tuesday, September 23:** Calvin University - Grand Rapids
  - *Registration closes Friday, August 22, 2025*
- **Tuesday, September 30:** Genesys Banquet Center - Grand Blanc
  - *Registration closes Friday, September 12, 2025*
- **Wednesday, October 8:** Hagerty Center - Traverse City
  - *Registration closes Monday, August 25, 2025*
- **Thursday, October 16:** Oakland University - Rochester
  - *Registration closes Monday, September 29, 2025*

## **Schedule for Each Regional:**

- Registration & Dinner: 5:30 – 6:00 pm
- Meeting: 6:00 – 8:00 pm

**REGISTER HERE**

Please be sure to register before your location's deadline. **Detailed agendas and venue information will be sent to registrants after registration closes.** If you have questions regarding attendance or proxy policies, please reach out to the event coordinator.

We look forward to your participation!

# Breaking News

## IN-CHECK DIALS

Now Available to Order!

We're pleased to announce that In-Check Dial inspiratory effort testing devices are now in stock and available for order through our [website](#)! The In-Check Dial is an essential tool for both specialty and primary care offices for the selection of the appropriate device, inhaler education and periodic assessment of inspiratory effort. Check out our resources for how this device would help assess and train patients on their inhalation techniques, ultimately ensuring optimal respiratory medication deposition.

**ORDER NOW**

**Please note:** We are still awaiting delivery of the disposable mouthpieces. Orders for the In-Check Dial device can be placed now, and we will notify you as soon as the mouthpieces become available.

Order today to equip your practice with this valuable device and support your patients' care

## Resource Bags

We're pleased to share that our Resource Bags are still available for order, and we'd like to extend a special welcome to the new physician organizations and practices that have recently joined our program! If you have not yet ordered a Resource Bag, now is a great time to place your order. Please remember, each practice is eligible to order one Resource Bag.

To ensure safe and accurate delivery, a signature will be required upon receipt. Please note that once a bag has been signed for, we are unable to provide replacements if it is lost. We appreciate your understanding and cooperation as we

work to distribute these resources smoothly.

If you have any questions or need assistance, please don't hesitate to reach out.

# Patient Advisory Board Member Highlight

*Leah Koskinen*

Leah is the current patient co-chair of the Patient Advisory Board (PAB). She lives in Southeast Michigan with her husband and two children. In addition to serving on the INHALE patient board, Leah is a peer mentor for current melanoma patients, drawing upon her own experience as a melanoma survivor.

Fun fact: Her family hosted an exchange student this year

Fun fact: Leah enjoys running and her Peloton
